

## Size & Type Guide

	12cm binoculars with IR transmitter
	8cm binoculars straight eyepiece
	12cm binoculars straight eyepiece
	8cm binoculars angled eyepiece
	12cm binoculars angled eyepiece

### Cutting from the waffles.

Items are connected to base by supports. Generally support are cylindrical and conical. By using sharp knife cut single support and continue on next one until all become detached.

Then remove rest of support to create proper surface.

### Holes and material removal

Resin is fragile. Extensive work or aggressive attempt to remove material may lead to breakage. Please pay high attention when tooling. Do not overuse the cutting or drilling forces.
